QR Widget
Step 1: Selecting a QR Widget

• In the left-hand menu, click on **"Widgets"**.

• From the list of available widgets, choose **"QR Widget"**.

Step 2: Configure QR Widget Settings

A **QR Widget** Slider settings modal will appear. Complete the following:

• **Name:** Enter a name for your widget.

• Enter the **link in the content field** to generate the QR code.

QR Widget

## Step 3: Configure QR Widget Settings & Save

- Select the **QR code color** and **background color.**

- You can also **export the QR code** generated for the link you provided from here.
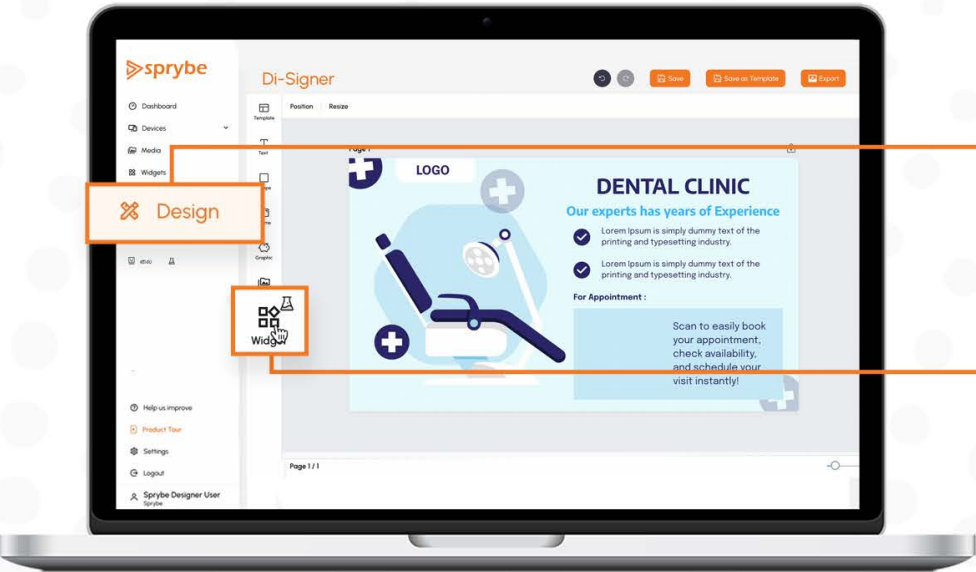

- Click "**Submit**"

Step 4: Saved tab
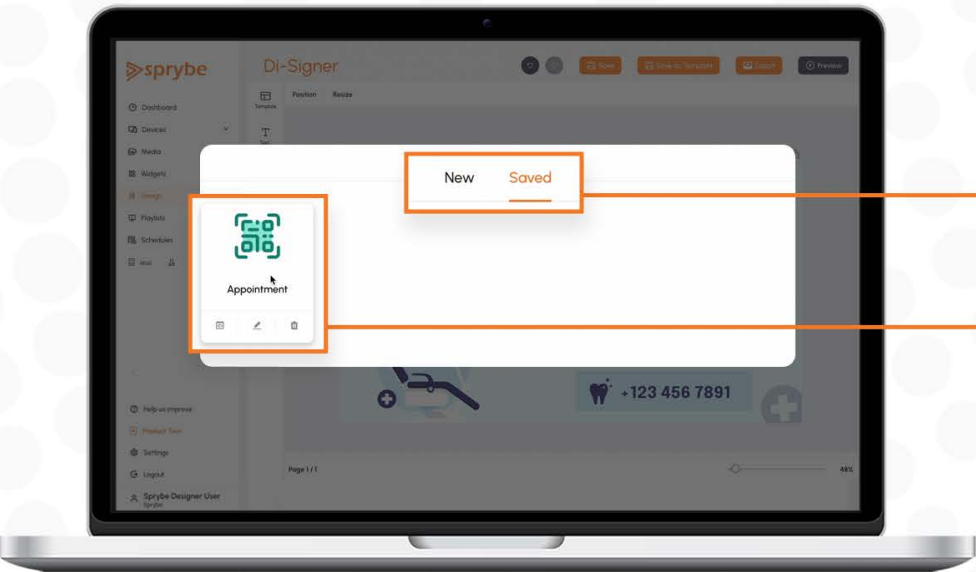

- Go to the Saved tab to view your saved widgets.

- Here, you can edit, view, or delete any widget.
